OUR COVID COMMITMENT TO YOU

The safety, welfare and wellbeing of our students has always been our number one priority, never more during the current global pandemic. Our experienced operational team has been working hard to ensure additional, relevant, measures are in place across all our centres for 2021.

Adapt. Develop. Remain Positive. Have Fun.

All staff are trained to deliver fun and effective summer school programmes. This year we are also including specific training on how to ensure students have fun and remain safe whilst working within the constraints of social distancing and Covid-19.

In addition we are introducing a designated Covid-Coordinator for each of our locations. This person is responsible for overseeing all Covid-19 testing requirements, possible isolation, and medical assistance related to Covid-19. They will work in coordination with our existing Welfare Managers and first aiders on site.

Safety While Learning

- Student temperatures taken every day at the start of lessons
- All classes risk assessed to ensure they comply with Covid-19 and social distancing requirements
- Classroom furniture arranged to minimise risk of transmission and ensure social distancing is achievable
- Hand sanitiser available in all classrooms
- Face coverings, face masks and face shields worn in line with all local Government Guidelines
- Signs posted prominently throughout the school as a reminder of the importance of social distancing and hygiene
- No shared resources in any of our classrooms. All books will be sanitised and quarantined between use
- Online testing and induction to avoid larger indoor gatherings
- All students will remain in the same class and same seat to ensure quick tracing is available

Safety While Playing

- Covid-Secure programmes readily available for all our locations should they be necessary
- Replacements for firm favourites such as karaoke and discos
- Regular cleaning of all sports equipment before, after and during activity sessions
- A move to majority, outdoor activities to minimise risk of transmission and maximise safe fun!
- Covid-19 risk assessments for all activities and excursions

Safety While Exploring

- Numbers in private transport vehicles limited to follow any local guidelines in place during your stay with us
- Hand sanitiser provided for all students as they board coaches for their trips
- Additional preparation in classes for all trips to ensure no handouts necessary
- Where travel cards are used, these will not be handed out as usual but managed by our staff to minimise any risk of cross contamination

Safety While Resting, Eating and Sleeping

- Additional deep cleaning in all our host partner restaurants, cafeterias, and accommodation
- Increased and regular cleaning of all our communal areas and high touchpoint areas, such as door handles
- Clearly defined areas and timetables for each 'bubble' to relax, eat and sleep in, to de risk cross contamination
- Agreements with all host partners to manage the safe distribution of food during your stay
- Hand sanitiser available in all eating spaces with staggered timings for each 'bubble' to minimise queues and large crowds

Safety in general

- Floor markings giving clear guidance on social distancing across all our global locations
- Hand sanitisers stationed throughout our centres
- Regular, vigorous cleaning practices will ensure our centres are as safe as possible for you
- Embassy Summer staff will work in strict dedicated bubbles with no cross over in accommodation or the programme
- Embassy Summer will follow local protocols for any staff or students who may show symptoms of, or test positive for, COVID-19

At Embassy Summer our students come first. We do not react, and we do not settle for the “easy fix”. We research. We reflect. We make decisions based on the best overall experience for our young learners. We are continuously monitoring the coronavirus (COVID-19) situation. We will continue to comply with the national advice for each location and do everything possible to secure the safety of our students and staff.

STUDENT CARE & WELFARE

We place the highest priority on the welfare and safety of our students and provide a high standard of care and supervision.

Fun and interactive lessons at Docklands

Our highly experienced head office teams are responsible for training staff across all our centres to ensure they operate at the highest standard. Each of our centres has an average staff ratio of 1:10 and one dedicated person responsible for welfare.

We care for our students 24/7, with supervision after class, after activities and during excursions. We also have dedicated Night Supervisors in all our centres to make sure we provide 24-hour support to our students. If any medical issues arise we have trained first aiders on-site and, if required, our staff have established links with local doctors, dentists and hospitals.

To make sure individual students are happy and well-cared for we provide guardians to ensure that they are having a great and safe experience in our centres. Centres with younger students have House Parents staying in the accommodation residences to provide a nurturing and homely environment.

We provide dedicated support for our students throughout their stay, including a full induction and orientation on arrival, where all students are issued with identity cards which contain our emergency telephone details.

We operate a **24 hour emergency telephone service** across all of our centres.

STUDY IN THE UK & IRELAND

The UK continues to be the world's number one English language learning destination and it's not difficult to see why. Study English in the UK for a unique experience. Deciding where to take an English course in England will be the hardest part of the trip. There are so many great cities to choose from.

Ireland is an interesting mix of tradition and history, and forward-thinking modernity. The beating heart of this country is Dublin, one of the oldest and most culturally rich cities in Europe. Fine museums and art galleries highlight Dublin's long and colourful past.
